REMOTE AREA POWER SUPPLY QUESTIONNAIRE

To assist you in designing a suitable Remote Area Power Supply (RAPS) system for your needs, the following questionnaire and load calculation sheet should be completed. Include any new appliances that you plan to purchase in the near future. This information is to be as accurate as possible as it directly effects the size and cost of the system. If in doubt, contact our office.

Contact Person _____
Trading/Company Name _____
Postal Address _____
Address of power system _____
Phone _____ Fax _____
Email _____

1. What form of power do you currently use at the proposed RAPS location?
- Generator Public power supply (Western Power)
 Nothing installed at present Other

2. If you have a generator, please fill in the following:

Make & Model _____
Rating _____ kVA Single/Three Phase _____
Remote (automatic) start Yes No Key start/stop Yes No
How much fuel do you use per day? _____

3. Have you been quoted for a connection fee to the public power supply? Yes No
If yes, what was the quote? \$ _____

4. Do you have a budget allocated for the RAPS system? \$ _____

5. Describe in detail the site for the proposed RAPS system (ie. on the south side of a small hill with 25m high trees 50m to the east. Small creek flows all year round 120m south of house etc.)
